ONES to watch

DOING BUSINESS ON THE EAST END

Greg Darvin

**Owner
Pristine Pools**

Some pools are made for swimming, others are built to be seen and admired. If the latter's what you're after, you might call Greg Darvin, an East Hampton-based artist whose medium is water. **Darvin** creates high-end, custom-made pools both on the ground and on rooftops. He's built pools that convert into Jacuzzis and has done work for many multimillion-dollar homes, primarily in the Hamptons, but also in Manhattan and abroad.
